The Impact of Chemical Dependence on the Family	September 22, 7:00 p.m. – 9:00 p.m. or September 25, 10:00 a.m. – 12:00 p.m.	(ID# 660241) (ID# 660242)

Local District and Voluntary Agency Staff We Need Your Help for the Program's Continued Success!

For the iLinc online training courses to continue to be effective, it is essential that foster/adoptive course participants do the following:

- Register for and attend a one-time session of the mandatory iLinc Introduction to the virtual classroom environment before attending any course.
- Register for all iLinc online courses by the registration deadline in order to receive the required training materials by mail before participating in the training.

It's important that participants complete these two steps. Trainer time can be easily diverted, from covering topical content to providing tech support, when participants are not prepared.

These courses have helped join participants' real lives in the social networking and Internet age with developing their foster/adoptive parenting skills. Please help us avoid needless obstacles to this amazingly popular and successful learning experience!

Introduction to iLinc Course

This introduction to the iLinc virtual classroom designed for foster/adoptive parents should be completed by all new iLinc users before they can register for and attend any other online course offerings. Each introduction session lasts approximately one hour and provides participants with an opportunity to make sure that their equipment is functioning properly before they start a class. The demonstration of the student palette and tools is designed to enable them to make the most of their online learning experience as well as to provide them with the technical vocabulary that they will need in order to communicate with instructors and technical support staff.

Any Tuesday from 11:00 – 12:00 pm

Any Thursday from 2:00 – 3:00 pm
